

ENERGY CONSERVATION TIPS FOR KIDS!

Did you know there are small things you can do to help your family conserve energy at home? Fill in the blanks below to learn how you can help. Use the word bank below if you need a hint!

- 1 Turn the _____ off while you're brushing your teeth. You can save several gallons a month just by taking this simple step.
- 2 Any time you leave a room, remember to turn off the _____. Ask your parents if they use LED lights, which save the most energy!
- 3 With the help of your parents, _____ glass, plastic, paper and aluminum items.
- 4 When the heat or air conditioning is running, always keep _____ to the outside closed.
- 5 Take short _____ instead of baths to conserve water use.
